

运行证明

Operation Certification

同里换流站位于江苏省苏州市，经纬度为东经 120° 37' ，北纬 31° 19' 。

Tongli converter station is located in Suzhou City, Jiangsu Province, east longitude 120°37', north latitude 31°19' .

同里换流站，站内采用了江苏神马电力股份有限公司产品，供货清单如下表所示：

Tongli converter station, The station has adopted SHEMAR products. The details of the supply of insulators are as under:

应用设备 Applied device	产品类型 Specification	电压等级 Voltage	数量 Quantity
阀厅悬吊复合绝缘子 Value hall suspension composite insulator	悬式复合绝缘子 Suspension composite insulator	210-816kV	114
直流电流测量装置 DC current measuring device	空心复合绝缘子 Hollow composite insulator	±800kV、±110kV	146

2012年6月，该变电站投入试运行，至今为止，未对复合绝缘子进行任何维护工作，包括但不限于清洗、清扫和喷涂防污闪涂料等。至今为止所有复合产品运行状态良好。

In June 2012, the substation was put into operation, so far, no maintenance work has been done on the composite insulators, including but not limited to cleaning and spraying of anti-fouling paint. Up to now all composite products are running well.
